1: INTRODUCTION

The North Central Goldfields Regional Library Corporation (trading as Goldfields Library Corporation [GLC]), was established in January 1996 to provide library services for the City of Greater Bendigo (CoGB), Loddon Shire Council (LSC), Macedon Ranges Shire Council (MRSC) and Mount Alexander Shire Council (MASC).

The GLC is a Library Corporation under section 196 of the Local Government Act 1989.

Based along the Calder Highway, the service covers an area of 12,979 square kilometres and is one of the largest library regions in the state of Victoria. GLC has approximately 54.6 EFT (including casuals) and reaches a population of approximately 200,000 people with around 60,000 members. There are almost 300,000 items in the collection including an increasing number of electronic resources. The Corporation's libraries support around 1.2-1.4 million visitors per year, 1.3 million collection utilisations, 50,000 public internet sessions, 80,000 wireless internet sessions and more than 100,000 information enquiries.

The GLC comprises nine library branches - Bendigo, Castlemaine, Eaglehawk, Gisborne, Heathcote, Kangaroo Flat, Kyneton, Romsey and Woodend. The Corporation also provides Library Agency services, working with partners in community hubs in; Axedale, Boort, Dingee, Elmore, Inglewood, Pyramid Hill, Tarnagulla and Wedderburn. A Home Library Service for housebound patrons also operates across the region utilising staff and volunteers.

The Corporation is governed by a Board that establishes strategic direction. The four member Councils that make up the Board have two representatives each, one Councillor and one officer. The Chief Executive Officer reports to the Library Board and is responsible for the management of the Corporation.

The Corporation is funded by the four member Councils (approximately 75%), the State Government (approximately 20%) and other income sources (approximately 5%).

Council funding is based on an amount collectively agreed to as part of the Service and Funding Agreement. The State Government funding is calculated primarily on a per capita basis. The State Government specifies a number of conditions on the grant, including annual reporting requirements, free core library services and reciprocal membership of all other Victorian public libraries.

The Corporation explores alternative sources of funding and endeavours to make Governments aware of the importance of funding for libraries.

The budget is presented in a format which demonstrates the proposed 2025/26 Operating result and forecast Operating result for the 2024/25 Budget. A Budgeted Comprehensive Income Statement, Balance Sheet, Statement of Changes in Equity, Statement of Cash Flows, and Statement of Capital Works are provided, with explanation of key points.

2: THE LIBRARY PLAN

The Library Plan provides a series of key priorities that are based around the outcomes of our Member Council Plans and State Government Regional Partnership Priorities. They are also linked to Council Health and Wellbeing Frameworks, with the underlying principles of the Five Ways to Wellbeing utilised as a framework to support investment and resource allocation. The library plan is currently being reviewed, however many of the principles will remain in place over the next four years. The following pages provide key messages and priorities outlined in the plan. The complete Library Plan can be accessed at:

OUR FOCUS IS YOUR WELLBEING

The Five Ways to Wellbeing is an internationally recognised, yet simple approach that supports positive mental and physical health and is backed by extensive research.

Goldfields Libraries embraces this approach and has these five simple actions as a guide to our mission and commitment to you.

| | | | | |
|--|--|---|---|---|
| <p>CONNECT with the people around you – family and friends, at home, at work, in the local community.</p> <p>THE LIBRARY is a place where you can feel safe, relaxed, and welcomed with a warm smile and a chat. You can catch up with friends and family or with people who have similar interests. Book clubs, knitting groups or just hanging out after school – it's all good.</p> | <p>LEARN something new or reignite an old interest. Sign up for a course or attend a free seminar. Challenge yourself and don't worry about failing.</p> <p>THE LIBRARY is all about being curious and learning, with accessible information and no tests at the end! Learn at your pace, mistakes are welcomed. Read a book, attend a program, ask questions or access information on the internet.</p> | <p>TAKE NOTICE of the world around you. Be curious, remark on the unusual and savour the moment.</p> <p>THE LIBRARY is a place where you can explore the world at your pace in your own way. We want to encourage creativity and curiosity and can help open doors to many worlds and ways of being and seeing.</p> | <p>BE ACTIVE by doing what you can, step outside, find joy in movement. Discover the activity you enjoy, that suits you, and make it a habit.</p> <p>THE LIBRARY will help with information on health – healthy eating, physical activity, how to connect. We also run physical activity classes as part of our programs where you can come and just have a go.</p> | <p>GIVE by contributing to something or helping someone. Create connection with people around you by joining a community group. Thank someone. Smile.</p> <p>THE LIBRARY hosts many community groups that make significant contribution for their communities. We foster creativity, contribution and connection and want to welcome you to the library as a safe and friendly place.</p> |

As part of the Library Pan, we provide connection and alignment between library priorities and our member Council, and Regional Partnership priorities.

WE WORK ALONGSIDE OUR COUNCILS

Our Library Plan is informed by the priorities of our four member councils and of Regional Development Victoria's Loddon Campaspe Regional partnership, as they relate to libraries.

Library Priorities

Children and Young People – supporting childhood and adolescent development

Lifelong Learning – encouraging learning at any age or stage

Safety and Inclusion – a safe, welcoming and accessible service

A Sustainable Future – playing our part in action against climate change

An Informed Community – an engaged, creative, informed community

Connecting People – providing opportunity for connection both digital and physical

Respecting First Nations Peoples and Culture – celebrating our nation's first culture

A Learning Organisation – learning and growing with our community

Regional Partnership Priorities

A Growing Economy – A strong, diverse economy that enables people to actively contribute to their community

Healthy Heart of Victoria – Active communities, healthy settings and productive lives at all stages

Create the Best Start for Every Child – Families and communities that give children the best start in life

Youth Our Critical Asset – Safe, supported and engaged young people

A Great Environment to Live – Our culture, heritage and environment is protected and enjoyed

A Connected Region – All people in the Loddon Campaspe Region benefit from economic activity and access to services

3: STATISTICAL OVERVIEW AND BEST VALUE

The three year statistical overview covering the last three financial years of operating results continues to reflect the recovery from closures and limited opening during the pandemic. Recovery began as libraries fully re-opened in the second half of the 21/22 financial year and usage rates have continued to steadily increase across key areas. Visits, computer access, Wi-Fi usage and program attendance all continued to trend upwards toward pre-pandemic levels.

Goldfields Libraries is regularly ranked as one of the most efficient and best value public library services in Victoria. Each year, Goldfields Libraries is benchmarked relative to all 50 library services in areas including service provision, volume of core activities, productivity and financial efficiency. The rankings for 2023/24 are summarised below:

| Indicator | Goldfields 2023-24 | Ranking | | |
|---------------------------|-----------------------|----------------|----------------|----------------|
| | | 23-24 of 50 | 22-23 of 50 | 21-22 of 50 |
| <i>Service setting</i> | | | | |
| Population | 205,417 | 11 | 10 | 10 |
| Area serviced (sq. km) | 12,974 | 6 | 6 | 6 |
| Static branches (mobiles) | 9 | 5 | 6 | 6 |

Delivering services across a diverse range of settings in communities varying from small, rural townships through to major regional centres provides opportunity to benefit Councils by providing a service scale that ranks as 11th largest by population and 5th largest by staff service points in the state.

This generally provides an economically efficient approach through scaling services, e.g. providing access to a collection of around 250,000 items (7th largest collection in the state) along with a fully funded and twice weekly courier service to move collection between any location- a service level that would not be achievable without the combined resourcing and savings that can occur from a collective approach.

| Indicator | Goldfields 2023-24 | Ranking | | |
|------------------------------------|-----------------------|---------|-------|-------|
| | | 23-24 | 22-23 | 21-22 |
| Service provision | | | | |
| Opening hours per week (brnch+mob) | 336 | 12 | 6 | 6 |
| Staffed opening hours per week | 336 | 9 | 8 | 10 |

Staffed opening hours per week across all branches ranks highly in the state, again because of the efficiency of scale allowing for a mobile workforce that can move between branches and maximise opening hours across a high number of sites.

| Indicator | Goldfields 2023-24 | Ranking | | |

| Total number of collection items | 272,247 | 7 | 13 | 8 |
| Total number of physical items | 241,833 | 7 | 11 | 8 |
| Number of program attendees | 69,707 | 7 | 6 | 10 |
| Active borrowers (2023-24) | 34,267 | 8 | 8 | 5 |
| Hours of Early Years programming per week | 20 | 8 | 12 | 11 |

| Website visitors | 241,452 | 10 | 12 | 9 |
| Website visits | 394,618 | 11 | 12 | 11 |
| Total number of loans and downloads | 1,295,206 | 11 | 9 | 9 |
| Downloads (digital items) per capita | 2.6 | 4 | 4 | 1 |
| Total members (3 years of members having used card) | 61,432 | 12 | 11 | 10 |

| Indicator | Goldfields | Ranking | | |
|---------------------------------------|------------|---------|----------|----------|
| Total number of actual staff | 100 | 13 | New data | New data |
| Total staff FTE | 54.0 | 23 | 16 | 16 |
| Items for loan in a Library of Things | 47 | 14 | New data | New data |
| Total income \$M | \$7.75 | 14 | 13 | 12 |
| Income from Council \$M | \$5.64 | 16 | 14 | 17 |
| Staff expenditure \$M | \$5.44 | 17 | 18 | 16 |

In terms of volume of activity, Goldfields Libraries generally meets or exceeds the ranking based on being the 11th largest population in the state.

Use of digital items (downloadable eBooks or audiobooks, online magazines etc.) ranks the service as the sixth highest level of loans or downloads in the state and the fourth highest level on a per capita basis.

With 34,267 “active” borrowers (a borrower who has used their card in the last 12 months), the service ranks eighth in terms of number of patrons who regularly use library services.

Given the combined scale of the service, Goldfields Libraries holds the seventh largest collection in the state and has the seventh largest attendance at programs.

Total income and staffing levels are an area that rank *lower* than 11th position, an indication that income from Council (16th highest) and staffing (23rd highest level) are at lower levels because of the efficiencies created through delivering a large, coordinated and efficient service across the four member Councils.

To shift from 16th position in Council funding to 11th position (commensurate with population level) would, on average, cost Councils a further \$200,000 per ranking position or \$1,000,000 additional funding in total.

In general, these volume measures show the benefits of a collective approach- a highly active public library providing excellent service levels to a high number of engaged patrons, delivered at a relative cost saving to member Councils.

| Indicator | Goldfields 2023-24 | Ranking | | |
|---|-----------------------|---------|-------|-------|
| | | 23-24 | 22-23 | 21-22 |
| Efficiency / Productivity | | | | |
| Turnover rate (physical items) | 3.1 | 31 | 30 | 30 |
| Turnover rate (digital items) | 17.7 | 2 | 2 | 2 |
| Library visits per staff EFT | 14,969 | 4 | 4 | 4 |
| Library visits per staffed opening hour | 48 | 11 | 12 | 7 |

Worth noting here is the optimal usage level and turnover rate of the digital collection (eBooks, downloadable audiobooks etc.) that ranks Goldfields Libraries second highest in the state.

Conversely, turnover rates on physical items is much lower given the scale of this collection (7th largest in the state) offering a massive range and choice for patrons.

The aim with the library collection is to provide a large, accessible and varied range of materials in a variety of formats that reflects community need. The service also provides opportunity for direct requests for collection purchases by patrons. Visits per staff member also rank as one of the highest (4th highest) in the state.

| Indicator | Goldfields 2023-24 | Ranking | | |
|-------------------------------------|-----------------------|---------|-------|-------|
| | | 23-24 | 22-23 | 21-22 |
| <i>Financial efficiency</i> | | | | |
| Income from Council per capita | \$28.08 | 35 | 33 | 33 |
| Council income as % of total income | 73% | 38 | 32 | 38 |
| Income from State Govt per capita | \$7.39 | 21 | 26 | 23 |
| Other income per capita | \$1.06 | 5 | 5 | 4 |
| Collections expenditure per capita | \$4.03 | 46 | 47 | 46 |

Income from Council on a per capita basis, ranks as the 35th lowest but GLC is well equipped to attract funding from other sources and has the 5th highest level of “other” sources of income per capita in the state whilst having the 38th lowest level of Council income as a percentage of total income in the state.

In summary, Goldfields Libraries is able to offer good value for money to member Councils by resourcing grant applications and generating interest on savings that helps meet the gap in delivering appropriate service levels. Overall, the Corporation is in excellent financial health and continues to successfully attract funds outside of direct local or state funding to support library improvements, programming and other projects.

The service works hard to ensure member Councils realise the savings that come with a collective service whilst also wanting to work closely with each member Council as a partner in delivering health and wellbeing outcomes across the region.

4. BUDGET PROCESS

This section describes the budget processes undertaken in order to adopt the Budget in accordance with the *Local Government Act 2020* (the Act) and *Local Government (Planning and Reporting) Regulations 2014* (the Regulations).

Under the Act, the Corporation is required to prepare and adopt an annual budget for each financial year. The budget is required to include certain information about the fees and charges that the Corporation intends to levy as well as a range of other information required by the Regulation which support the Act.

The 2025/26 Budget is for the year 1 July 2025 to 30 June 2026 and is prepared in accordance with the Act and Regulations. The budget includes the Comprehensive Income Statement, Balance Sheet, Statement of Changes in Equity, Statement of Cash Flows, Statement of Human Resources and Statement of Capital Works.

These statements have been prepared in accordance with the Local Government Act and Regulations, and consistent with the annual financial statements which are prepared in accordance with Australian Accounting Standards. The budget also includes information about the fees and charges, the capital works program to be undertaken, the human resources required, and other financial information the Corporation requires in order to make an informed decision about the adoption of the budget.

In advance of preparing the budget, there is a review and update to the Corporation's long term financial projections. Financial projections for at least four years are ultimately included in the Corporations Strategic Ten Year Financial Plan, which is the key medium-term financial plan produced by the Corporation on an annual basis.

The draft budget is placed on public exhibition seeking submissions from the community. Any person has a right to make a submission on any proposal contained in the Budget under Section 223 of the Act.

The final step is for the Board to adopt the budget after receiving and considering any submissions from interested parties. The budget is required to be adopted and a copy submitted to the Minister by 30 June 2025.

The key dates for the budget process are summarised in the table below.

| Budget process | Timeline |

| Submissions Received in 28-day period from date of advertising | 3 May 2025 |
| Submissions Considered/ Heard (Special Board meeting if required) | 16 May 2025 |
| Board meeting to consider submissions and to adopt budget | 30 May 2025 |
| Adopted budget submitted to the Minister for Local Government | 3 June 2025 |

5: BUDGET PRINCIPLES

The 2025/26 budget has been prepared incorporating the following principles:

- A budget that maintains service levels in spite of difficult economic conditions but draws on accumulated reserve funds and Council contributions to ensure a quality service for community.
- All expenditure has been thoroughly reviewed based on previous budgets and forecasts.
- An increase in employee costs associated with the negotiated Enterprise Agreement and normal movements within banding.
- State Government has frozen funding to libraries over the past three year and the impact of this has been considerable over several financial years. Advocacy across the sector for fair and reasonable increases in funding to match inflation are underway.
- Review of service levels to achieve a financially sustainable service has been undertaken with a conscious decision to maintain service levels currently in an environment where funding from state Government has not met budget expectations.
- Operating income has been reviewed to ensure accuracy in relation to fees and charges.
- The budget is a statement of intent and, based on volatility in social and economic sectors expected in the 25/26 Financial Year, resources may need to be redistributed.
- The budget has been developed through the equity lens of the GLC, keeping in mind principles of supporting and encouraging sustainability.
- Cash held by the Corporation has been allocated to reserve funds in order to ensure the organisation holds appropriate reserves to meet staff entitlements, mitigate possible risks, meet requirements of bequest funds left to the Corporation, replace capital fleet and plant items and provide an amount for development initiatives that may involve investment in technology to maintain or improve service levels or increase efficiency.
- The budget is developed in order to implement the library plan priorities, with a focus on investment that delivers on these key areas:

Children and Young People

Supporting children, their curiosity, and their joy of reading. So much development happens in the early years of life and we will apply best practice through library services specifically tailored for our youngest citizens. We will welcome and present opportunities for young people to have a voice, as they move toward adulthood.

Lifelong Learning

Engaging with people on their learning journey. We will support those involved in school-based or self-directed learning. We will encourage different ways to learn and create at any age or ability level.

Safety and Inclusion

Offering safe spaces and resources that let people know they are important and at the centre of our service. We encourage a sense of library community and facilitate respectful interactions in our shared spaces – people relax in our libraries. We want to keep improving functional access to our libraries for people of all ages, abilities, cultural backgrounds and identities.

An Informed Community

Offering information that enhances literacy beyond reading that includes health, financial, digital, environmental and cultural.

We will help connect people with information in a variety of ways – inside our libraries, reaching outside our libraries through other services and places, and through our digitally based resources.

Connecting People

Creating opportunities for people to socialise and share ideas, culture and stories. We will provide avenues for both personal and virtual connection through our programs, spaces and technology. We offer an antidote to isolation and loneliness.

Respecting First Nations Peoples and Culture

Building knowledge of and relationships with First Nations Peoples and culture. We will introduce appropriate signage and cultural references into our spaces as well as deliver programs and collections that celebrate the stories and traditions of Aboriginal and Torres Strait Islander people.

A Learning Organisation

Learning from and with our communities to develop skills, innovation and new approaches. Our team are high performing professionals and continue challenging themselves to extend knowledge and experiences. We will focus on being transformative and significant to our communities.

A Sustainable Future

Working toward a positive and sustainable future with our communities. We will provide opportunities to understand the local and global environment, learn about sustainability innovations and empower community to take action to mitigate climate change. And protect our natural environment We commit to sustainable use of resources for our operations.

7. ANALYSIS OF COMPREHENSIVE INCOME STATEMENT

This section of the budget analyses the expected revenue and operating expenditure of the Corporation for the 2025/26 year.

Income / Revenue

Income is made up of the following; Member Council Contributions, grants – operating (state government), grants – capital (state government), user fees, charges, interest, other income and assets received free of charge.

I. Member Council Contributions

The Budget is prepared on a base contribution of \$27.87 per capita from the four member Councils for the provision of library services. This is approximately \$5.00 less per capita than the average service contribution (based on 23-24 figures collated by Public Libraries Victoria). Member Councils also cover maintenance and utility costs directly associated with operating the library buildings. Population figures are based on ABS statistics and estimated resident population at June 2024. The requested increase in funding is matched to the rate cap of 3.0 percent.

| Council Contribution @ \$27.87 per person 2025-26 | | |
|--|----------------|--------------------|
| | Population | Contribution |
| Greater Bendigo | 129,491 | \$3,609,059 |
| Loddon | 7,747 | \$215,918 |
| Macedon Ranges | 56,073 | \$1,562,817 |
| Mount Alexander | 21,041 | \$586,436 |
| Total | 214,352 | \$5,974,230 |

II. Grants - State Government

The State Government grant estimate is based on ABS estimated population figures, with minor adjustments for areas with a growing or declining population. State Government funding is distributed based on population percentages throughout the member Councils. The 23/24 and 24/25 financial years saw no rise in funding from State Government for the first time in recent history. Funding for 2025/26 has been calculated based on the actual funding received from the State Government in 24/25, with the expectation that State Government will continue to freeze funding levels. Ultimately this means the Corporation and member Councils pick up the 'gap' in funding to maintain the service to community and this is not sustainable.

The State Government grant is allocated across all library services.

| Grant - State Government (estimate based on previous years) | 2023-2024 Actual | 2024-2025 Actual | 2025-2026 Budget |
|--|-----------------------------|-----------------------------|-----------------------------|
| Core funding & Local Priorities | \$1,478,364 | \$1,478,364 | \$1,478,364 |

III. User Fees and Charges:

Forecast income of **\$162,552** which includes; charges for printing, photocopying, book recovery (lost and damaged collection items), Room Bookings at the Bendigo Library and interlibrary loans. It also includes \$97,413 from the City of Greater Bendigo for the operation of the Bendigo Regional Archives Centre at the Bendigo Library.

The Bendigo Regional Archives Centre (BRAC) is located within the Bendigo Library and the Nolan street repository and commenced operation in 2009. The Corporation manages and operates the BRAC through funding provided by the City of Greater Bendigo and services provided by the Public Records Office of Victoria (PROV).

IV. Interest

Forecast income of \$158,400 in interest on investments including interest on available cash throughout the year and interest on bequests. Interest on bequests build the funds available for specified operational items only and is not available as general library revenue. Cash funds and cash requirements are reviewed on a regular basis to identify funds available and required to meet the Corporation's obligations and surplus cash funds are identified for investment availability.

V. Other Income

Forecast income of \$26,989 from sundry charges and materials

VI. Assets Received Free of Charge

Forecast income of \$2,089 from donated collection items / resources.

Operating Expenditure

Operating expenses are made up of the following; Employee Related Costs, Plant and Equipment Costs, Depreciation, Administration and Maintenance and Other Expenses.

I. Employee Related Costs

\$ **5,828,426** - Covers salaries, leave loading, sick leave, public holidays, employer superannuation contributions, Long Service Leave, WorkCover premium, Fringe Benefit Taxes and staff training and travel allowances.

The total staffing costs include Enterprise Agreement (EA) increments and the movement of staff within their Bands.

The staffing allotment allows for the delivery of library services and corporate services such as; information technology support for the extensive network of computers etc., collection acquisition and management, community engagement and programming, communications and promotion, governance and human resource support.

II. Plant and Equipment Cost

\$ **363,306** includes; vehicle operating expenses, automated systems maintenance, general equipment purchases, ABN cataloguing, general maintenance, photocopier lease and other plant operating expenses.

III. Depreciation

\$ **963,105** includes; the depreciation of collection resources, plant and vehicles, information technology equipment and furniture and equipment. Depreciation is a non-cash item which is included in operating expenditure and then removed from the budget to obtain the cash result. Depreciation has no cash impact on the budget but is a measure of ongoing renewal and replacement costs for assets over time.

IV. Administration and Maintenance Charges

\$ **532,499** includes; finance and administration charges, insurances, headquarters lease, eResources, consultant fees and human resources. eResources have historically been included in this budget as per accounting practices. Additional funds have been set aside in

the 25/26 financial year to continue legal and consulting costs related to the Corporations need to transition to a new governance framework.

eResources costs have increased and now include the purchase of all electronic resources including eMagazines, eAudio and eBooks. Demand for these resources is growing in conjunction with internet use and improvements to the eLibrary. eResources are funded from the allocation received from the State Government. Insurance costs have also continued to escalate at higher than general inflation levels.

V. Lease Expense

\$7,197 covers costs of leasing facilities for corporate services and regional coordination staff.

VI. Other Expenses

\$ 437,182 includes; postage, advertising, marketing and promotions, children's and adults programs, printing and stationary, newspapers and magazines, internet expenses, processing supplies, freight, travelling, library agency leases, inter library loans, audit fees, bank charges, cleaning, first aid and recycling.

ANALYSIS OF BUDGETED STATEMENT OF CASH FLOWS

This section of the budget analyses the expected cash flows from the operating, investing and financing activities for the 2025/26 year, that constitute the budgeted cash flow position. Budgeted cash flows is a key factor in ensuring the Corporation can meet its strategic and financial commitments and provides a guide to the level of capital expenditure that can be sustained with or without using existing cash reserves.

Cash Flows from Operating Activities refers to the cash generated by or used in the normal service delivery functions of the Corporation. It excludes capital purchases.

Net Cash provided by (Used In) Investing Activities is the attribution of capital purchases (i.e. non-operational) and the sale of capital items, if any.

Cash and Equivalents at the End of the Year is the anticipated cash held at the end of the 2025/26 year.

Restricted Funds and Working Capital in relation to the cash flow statements show that the Corporation is estimating at 30 June 2026 it will have restricted cash and cash equivalents of **\$ 3,085,823** which are restricted as follows:

Employee benefits and Long Service Leave: \$940,753.

These funds are separately identified as restricted to ensure there are sufficient funds to meet the Corporation's obligations as set out in the former Local Government (Long Service Leave) Regulations 2002 as determined by the Library Board.

Bequests:

Restricted cash includes monies received from two bequests as follows;

- **\$ 88,057:** Castlemaine Art Books bequest which includes interest on the original bequest
- **\$ 344,094** Bendigo Library Local History bequest which includes interest on the original bequest

Plant replacement: \$462,918

Restricted cash includes monies set aside in a reserve account to assist with the purchase (replacement) of capital items such as vehicles and other major plant and equipment. It is estimated that, over the following ten years, approximately \$405,000 will be invested in updating fleet and plant.

Defined Benefits: \$ 500,000

The Corporation has set aside \$500,000 for future Defined Benefits payment as previously determined by the Library Board. A call for payment was made during the Global Financial Crisis and the Corporation was required to pay approximately \$750,000. A further call may be required based on economic implications and this amount allows the Corporation to mitigate future risk.

Development Initiative Reserve: \$750,000

This reserve provides for either known replacement of technology or opportunities to invest in future projects of a capital development nature. Known developments include replacement of self-loan kiosks, which represents an estimated investment of \$490,000 with other projects such as Wi-Fi enabled book lockers, security systems to allow for extended, unsupervised hours of access and library facility upgrades and extensions allowing for investment of the remaining \$260,000 allocated to this fund.

After restricted cash amounts are removed, the Corporation remains in a financially favourable position with an expected unrestricted cash position of **\$951,656**, which can continue to be allocated to restricted reserves to fund future projects as required.

12. ANALYSIS OF STATEMENT OF CAPITAL WORKS

This section of the budget analyses the expected capital expenditure of the Corporation for the 2024/25 year.

Expenditure Capital

I. Capital Resources: \$698,690

Expenditure under this item relate specifically to the library collection resources component of the budget. Loan and non-loan materials that are subject to depreciation are included in this area. In addition to Capital Expenditure, the Corporation expects to receive resources valued at \$2,000 free of charge from public donations.

New, current and popular titles have a significant impact in all the Goldfields Libraries, and GLC has worked hard to improve turnover rates and reduce wait times for borrowers over the last two years.

Capital Resources include books, audio-visual resources and devices and DVDs. Excluded are non-capital items such as newspapers, periodicals and e-resources. The Corporation continues to focus on improving the collection via regular evaluation and upgrading whilst maintaining the collections unique to the Goldfields area. The amount allocated for Capital Resources is funded from the specific allocation received from the State Government but is now requiring supplementation by Councils in order to maintain service levels based on reduced funding from State Government.

II. Plant and Vehicles: \$45,000

One vehicle is due for replacement in the 25/26 financial year, with the aim to continue the purchase of electric or hybrid electric vehicles.

III. I.T. Capital Expenditure: \$ 137,865

Information Technology capital expenditure includes; network infrastructure, major computer hardware, servers and replacement PC's for staff and public.

The wide area network consists of over 160 computers and a complex array of associated equipment. The replacements this year will continue the rollout of solid-state hard drives and the replacement of servers to improve security and business continuity measures.

IV. Furniture and Equipment: \$ 40,613

This is an annually allocated amount for replacement of furniture and fittings to all sites.

15: PUBLIC NOTICE IN RELATION TO BUDGET PROCESSES

In accordance with Section 127 (1) of the Local Government Act 1989 the Corporation must prepare a budget for each financial year commencing 1st July.

As soon as practicable after the Corporation has prepared its Budget, the Corporation must advertise via a public notice that the budget has been prepared. The notice must:

- (a) contain the prescribed particulars.
- (b) advise that copies of the budget are available for inspection on the library website and at the Corporation's libraries during normal business hours for at least twenty-eight days after the publication of the public notice;

The public notice will also include the date on which the Board will meet to adopt its Budget. A person may make a written submission on any proposal contained in the Budget, not more than twenty-eight days after the date on which the public notice is published.

After the Corporation has complied with this procedure under the Act, the Corporation may adopt the Budget. The Corporation must then give public notice that it has adopted the Budget. The Budget must be adopted by 30th June, 2025.

Proposed Public Notice of Preparation of Budget.

Notice of intention to adopt a budget pursuant to Section 127 (1) of the Local Government Act 1989. Copies of the Draft 2025-2026 Budget are available for inspection on the library website and at the libraries in; Bendigo, Castlemaine, Eaglehawk, Gisborne, Heathcote, Kangaroo Flat, Kyneton, Romsey and Woodend. Any person may make a written submission to the Board on any proposal contained in the Budget by 5 p.m. on Friday, 2 May 2025 and send to the address below. Submitters may request to be present at the meeting of the Board to be held on Friday, 30th May 2025, at 10.30 a.m.
